History

Right Track is a community based development agency working to improve the quality of life of disadvantaged children in Kolkata and South 24 Parganas. Started in 1988 with a group of enthusiastic social activists who had devoted themselves for creating a just and equitable social environment. The initial work was on fight against black marketing, alcoholism and settling internal disputes of dock and port area of South West Kolkata. Right Track got itself registered in December, 1991. In course of time it started working on the issues of education and gradually kept on adding new intervention areas.
